

Improving Health Worldwide

Dr. Rachana Kulkarni Honored with AHA's Physician of the Year Award

Dr. Rachana Kulkarni, a renowned cardiologist and managing partner at Medicor Cardiology in Central NJ, has been awarded the prestigious Physician of the Year Award by the American Heart Association (AHA). The AHA recognized Dr. Kulkarni's exceptional contributions in the field of cardiovascular disease and stroke, and her dedication to fighting heart disease and stroke.

Dr. Kulkarni's impressive career accomplishments include serving as the past President of the American Heart Association NJ SC and as the Chairman of Medicine and Chief of Cardiology at Robert Wood Johnson Hospital Somerset, N.J. She is also known for her commitment to improving the quality of life for physicians and addressing risk factors for the prevention of cardiovascular disease.

We congratulate Dr. Rachana Kulkarni on this well-deserved recognition and commend her for her outstanding contributions to the field of cardiology.

PAGE 11-13

Life Global Recognized for Philanthropy by Gandhi Ashram in Gujarat

Life Global, a global charitable institution led by Dr. Sudhir Parikh, was recognized for philanthropy by the Gandhi Ashram in Gujarat. Dr. Sudhir Parikh, along with other representatives from Share and Care Foundation, visited Somnath Chhatralaya, a historic hostel built by Mahatma Gandhi in 1921.

The hostel provides education and hostel facilities for around 500 girl students from rural villages in Gujarat. The guests were inspired by the hostel's role in empowering women and praised its simple yet dignified accommodations that reflect Gandhiji's values of simplicity and frugality.

The visitors also witnessed the creative talents of the girls through an exhibition of hand-made objects and heard speeches about the importance of education and self-sufficiency for women.

Dr. Sudhir Parikh shared his inspiring story of overcoming financial hurdles to become a successful doctor and businessman, while other guests expressed their deep impressions and shared stories related to Gandhiji's teachings. The students also shared their experiences and expressed gratitude for the opportunities they received at Somnath Chhatralaya.

Jayeshbhai Patel, leader of the organization, welcoming Dr. Sudhir Parikh and Dr. Sudha Parikh at Somnath Hostel at Gandhi Ashram, Ahmedabad.

Indian-American Nurse Dr. Solymole Kuruvilla Honored with 'Legacy of Caring Award' from NAINA

Dr. Solymole Kuruvilla, PhD, RN, ACNP-BC, Associate Director of Occupational Health Services at NYC Health + Hospitals/Jacobi and North Central Bronx, and of Indian origin, has been honored with "Legacy of Caring Award" from NAINA (National Association of Indian Nurses of America).

Recognized for outstanding patient advocacy, creativity, compassion, and leadership, Dr. Kuruvilla's contributions reflect the excellence of Indian nurses in the healthcare field. Her commitment to patient care, leadership, and community engagement serves as a testament to the positive impact of Indian-American nurses in the nursing profession.

New Jersey Physicians Raise \$213,000 for Earthquake Victims in Turkey and Syria

The New Jersey State Chapter of the American Association of Physicians of Indian Origin Charitable Foundation, along with four physicians, recently organized a unique fundraiser to aid the victims of the Turkey and Syria earthquakes.

Over \$213,000 was raised at the event held at King Palace New Jersey on February 24th, 2023, with more than 120 guests in attendance. The generous contributions were acknowledged by the Ambassador of Turkey and Consul General of Turkey, who expressed their appreciation for the humanitarian gesture. The organizers are still collecting donations and appeal to the community to join their efforts in supporting the victims. The news has generated a great sense of gratitude from the Turkish and Syrian communities towards the Indian community.

Exciting Session on "AI in Chest Radiology" Explores Latest Advancements in the Field

We are thrilled to share the exciting news of the recent session on "AI in Chest Radiology" as part of GAPIO's esteemed Radiology International Lecture Series. The session, held on Sunday, 5th March 2023 at 7:00 PM IST, was a resounding success with participation from renowned experts in radiology and artificial intelligence (AI).

During the session, attendees, including radiologists, medical professionals, researchers, and others interested in the field, had the opportunity to explore the latest advancements in AI technology and their impact on chest radiology. The session covered a wide range of topics, including applications of AI in image interpretation, disease diagnosis, and treatment planning, providing valuable insights into the rapidly evolving field.

In addition, the session discussed the potential benefits and challenges of integrating AI into clinical practice, with expert insights on optimizing AI algorithms for accuracy and efficiency. The session was informative and engaging, providing attendees with valuable updates on the latest developments in AI in chest radiology.

GAPIO Organizes Enlightening Session on Paediatric Gastroenterology with Renowned Speakers

GAPIO hosted an informative session on paediatric gastroenterology, featuring esteemed speakers Dr. Pratik Patel and Dr. Shivani Deswal. The session, held on March 25th, 2023, delved into the past, present, and future of Crohn's disease and ulcerative colitis, chronic inflammatory bowel diseases that affect children and adolescents.

The session was moderated by Dr. Monira Sarmin and chaired by Dr. Karunesh Kumar, bringing together a panel of experts in the field. The speakers shared their in-depth knowledge and expertise on the subject, providing insights into the latest advancements in the diagnosis, treatment, and management of Crohn's disease and ulcerative colitis in pediatric patients.

The informative session covered various aspects of these conditions, including their historical context, current understanding, and future directions for research and treatment. The speakers discussed the challenges and advancements in managing pediatric gastroenterological conditions, providing valuable insights for healthcare professionals in attendance.

GAPIO and GARTIO Conduct Successful Online Lecture on Safety in Magnetic Resonance Imaging (MRI)

GAPIO (Global Association of Physicians of Indian Origin) and GARTIO (Global Association of Radiologists of Indian Origin) organized an informative online lecture on Safety in Magnetic Resonance Imaging (MRI) on [Date]. The event featured expert speakers from GAPIO, GARTIO, and the renowned Sir Peter Mansfield Imaging Center in England, who shared their expertise on general safety and risks associated with MRI, as well as contrast medium-associated risks in MR imaging.

The lecture was led by Dr. Jan Allapadan Paul, a Research Radiographer at the Sir Peter Mansfield Imaging Center, University of Nottingham, England, UK, who provided valuable insights on general safety and risks in MRI. Dr. Abhinav Bansal, a consultant in the Department of Radiology at Indraprastha Apollo Hospitals, New Delhi, also shared his expertise on contrast medium-associated risks in MR imaging.

Participants had the opportunity to engage in a Q&A session to clarify their doubts with Dr. Vinita Sharan and Prof. S Panneer Salvam, further enhancing their understanding of MRI safety. The event was well-received by the attendees, who appreciated the valuable knowledge shared by the expert speakers.

GAPIO Promotes National Safety Day 2023 with 'Zero Harm' Message

GAPIO took part in the celebration of National Safety Day 2023 by sharing a powerful message on social media. The message urged everyone to join in the celebration and embrace the shared goal of 'Zero Harm'.

GAPIO emphasized the importance of working together to protect ourselves, our loved ones, and our communities. By promoting safety awareness and advocating for safe practices, GAPIO aims to make a difference and create a safer future for all.

GAPIO Celebrates Holi, Emphasizes Diversity and Unity in Medical Community

GAPIO joined in the celebration of the festival of colors, Holi, with a special message on social media.

GAPIO extended warm wishes to all members and emphasized the importance of appreciating the diversity and unity of the medical community during this festive season.

As healthcare professionals from diverse backgrounds and cultures come together under the umbrella of GAPIO, the organization highlighted the significance of unity and inclusivity in the medical field.

The message encouraged members to celebrate the festival of colors with joy and happiness while also promoting safety and well-being.

SOCIAL MEDIA COVERAGE

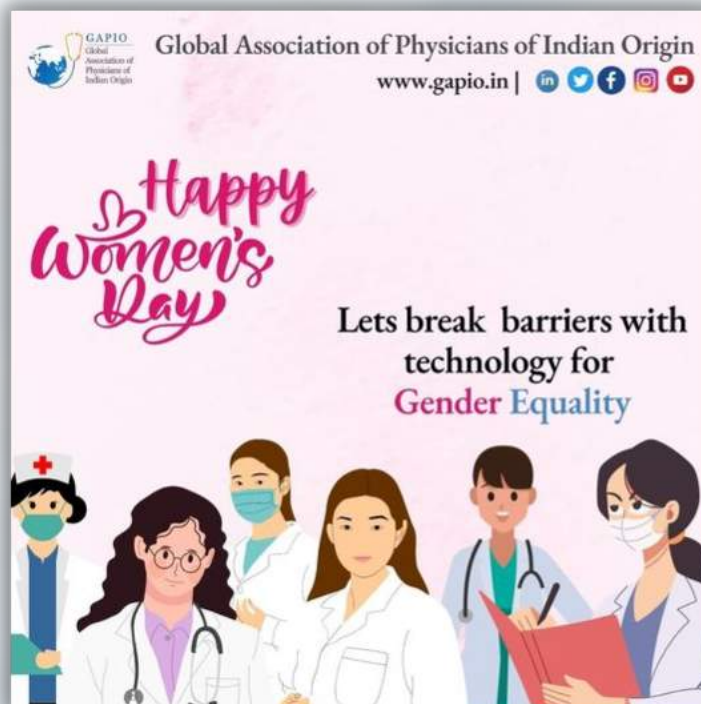

GAPIO Celebrates International Women's Day, Advocates for Gender Equality through Innovation and Technology

On the occasion of International Women's Day, the Global Association of Physicians of Indian Origin (GAPIO) shared a powerful message on social media.

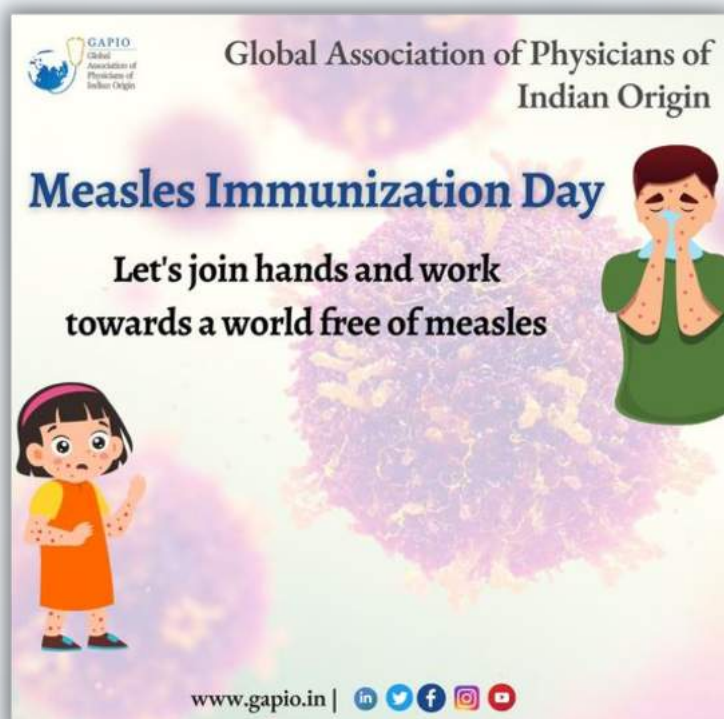

GAPIO reaffirmed its commitment to advancing gender equality by leveraging the power of innovation and technology to break barriers, shatter stereotypes, and create a more inclusive world for all.

As an organization that values diversity and inclusivity, GAPIO recognizes the important contributions of women in the medical field and beyond.

The message emphasized the need to promote gender equality through innovative approaches and technological advancements, which can play a crucial role in overcoming gender disparities and empowering women in healthcare and other domains.

GAPIO Raises Awareness on Measles Immunization Day, Advocates for Vaccination to Protect Communities

GAPIO shared a powerful message on social media on Measles Immunization Day, urging everyone to work together to protect themselves and their communities from measles.

Measles is a highly contagious viral infection that can cause serious health complications, especially in young children, and vaccination is the most effective way to prevent its spread.

GAPIO emphasized the importance of collective action in promoting the use of vaccines to protect people of all ages against measles. We also encouraged everyone to ensure they and their loved ones are up to date on their measles vaccinations, and to consult their healthcare provider if they haven't been vaccinated or are unsure about their vaccination status.

SOCIAL MEDIA COVERAGE

GAPIO Celebrates World Down Syndrome Day 2023, Advocates for Inclusion and Diversity

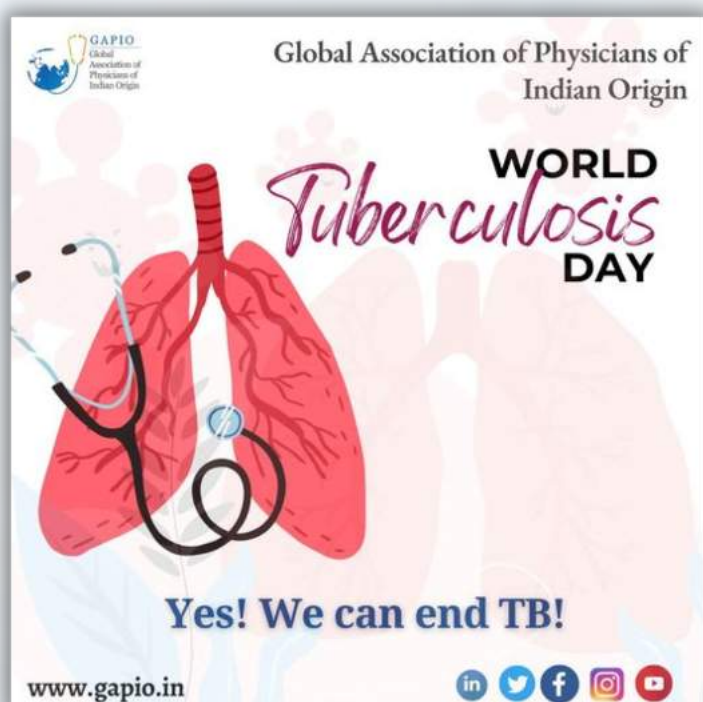

GAPIO marked World Down Syndrome Day with a powerful message on social media, expressing their commitment to the global network of people with Down syndrome and advocating for the theme "With Us Not For Us".

GAPIO highlighted the challenges faced by individuals with Down syndrome, who have an extra copy of chromosome 21, resulting in intellectual disability, developmental delays, and certain medical conditions.

GAPIO emphasized the importance of proper support and education in enabling individuals with Down syndrome to lead fulfilling lives and make meaningful contributions to their communities

GAPIO Stands in Solidarity with World TB Day, Committed to Ending TB Epidemic

GAPIO reaffirmed their commitment to combating tuberculosis (TB) and saving lives on the occasion of World TB Day.

GAPIO expressed solidarity with the global community in recognizing the importance of addressing the TB epidemic and urged governments to invest in new innovations and take decisive action to combat TB.

As healthcare professionals, GAPIO emphasized their unwavering commitment to ending the TB epidemic and called for collaborative efforts to combat this preventable and curable disease.

Celebrating
71 Years of
Care
