NOTED HAND SURGEON DR. JINDAL ACHIEVES LANDMARK OF 30,000 COMPLEX SURGERIES

Dr. Jindal, a distinguished hand surgeon based in Pune, has successfully completed a landmark 30,000 complex surgeries over the past three decades. His expertise ranges from treating severe burns to reattaching amputated parts. Dr. Jindal vividly recalls his first major surgery in 1991 on a 14-year-old boy, which involved 14 operations to address complications from a minor hand injury. His innovative approach and dedication have restored functionality to countless patients, including those with acute hand trauma, birth defects, and compression neuropathy. In addition to his clinical practice, Dr. Jindal has performed over 50 reimplantations of completely severed hands and conducted charity surgical camps to correct hand deformities for over 900

economically disadvantaged patients. He continues to advance hand surgery through his work at Ratna Memorial Hospital and through collaborations with social organizations like Rotary International and Lions' Club.
